

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Admission, Course of Study, Etc.

TERMS OF ADMISSION.

CANDIDATES for admission must produce satisfactory evidence that they are members, in good standing, in some Christian Church; that they possess competent talents; that they have been regularly graduated at some college or university, or have been prepared to pursue with advantage the prescribed course of study. Applicants for admission to an advanced standing must present a certificate of dismission from some other Theological Seminary, or be prepared for examination on the subjects which have been studied by the class which they wish to enter.

COURSE OF STUDY.

The course of study occupies three full years. While, in peculiar cases, this may be somewhat abridged, it is believed that no shorter course will either meet the requisitions of our Form of Government, or satisfy the reasonable expectations of the churches. The studies pursued during this course are distributed as follows:

JUNIOR YEAR.—Hebrew—Grammar, Pentateuch, Psalms. Study of New Testament Greek. Biblical Hermeneutics. Canon of Scripture. Theology—Being of God, Divine Authority of the Scriptures. History of the Christian Church.

MIDDLE YEAR.—Theology—God as Creator and Governor, the Doctrine of Sin, Person and Work of the Redeemer. History of Christian Doctrine. Exegesis of the Old and New Testaments. Life of Christ and Harmony of the Gospels. Exercises in Logic and Rhetoric. Lectures on the Composition of Sermons. Criticism of Plans.

SENIOR YEAR.—Lectures on Preaching. Criticism of Plans and Sermons. Theology—Person and Work of the Holy Spirit, the Church, Eschatology. History of Christian Doctrine continued. Types of Church Government. Polity of the Presbyterian Church. Exegesis of the Old Testament and of the Epistles. Pastoral Theology.

LIBRARY.

The library, containing about 12,000 volumes, has been very carefully selected, with special reference to the wants of students in Theology. Annual additions are made to it through the avails of the Van Vleck Library Fund. The library is accessible to students at all times. In the reading-room, which is connected with the library hall, the best religious periodicals are found. The Society of Inquiry has a small library for the diffusion of missionary intelligence, and for other kindred purposes. The Smith Rhetorical Society is also engaged in establishing a library, having lately received a liberal donation for that purpose.

EXPENSES.

The rooms in the dormitory are comfortably furnished, and are assigned to students without charge. The whole expense for board, fuel, light, and other incidentals, varies from \$150 to \$180 each year. To meet this expenditure the sum of \$200 per annum is appropriated by the Permanent Committee on Ministerial Education to each student whose circumstances require it. To students needing additional assistance a special appropriation is made out of the Scholarship Funds of the Seminary, amounting to \$2 per week, maximum. It may be said with confidence that no student should be deterred from joining the Seminary by the apprehension of not being able to obtain the means of support.

ANNIVERSARY, EXAMINATIONS, ETC.

The anniversary occurs on the second Thursday of May. The annual public examination, which includes all the regular studies pursued during the year, begins on the Monday preceding.

The term commences on the second Thursday of September. It is particularly desired that all who expect to be connected with the Seminary will, in justice to themselves, to the other students, and to the institution, be punctually on the ground ON THE FIRST DAY OF THE TERM. Rooms selected are not reserved longer than one week from the commencement of the term, unless previous notice of necessary delay is given.

LOCATION AND POST-OFFICE ADDRESS.

The Seminary is situated on Walnut Hills, in the northern part of the city, about two miles from its business center. Omnibuses run from the corner of Sycamore and Fifth Streets.

Letters intended for professors or students should be addressed to "LANE SEMINARY, CINCINNATI, OHIO."
